

100% ABORIGINAL OWNED

CAPABILITY STATEMENT

Commercial joinery for high-rise and large-scale
developments

DESIGN | MANUFACTURE | INSTALLATION

20+ years proven delivery across complex, multi-level construction projects.

joineryclub.com.au

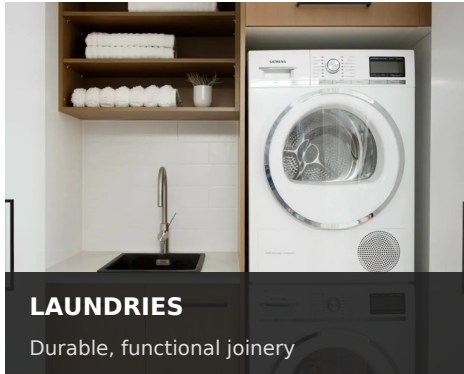

Commercial Joinery Delivered with Certainty

Joinery Club (formerly Kitchen Club) brings close to two decades of industry experience to high-volume residential, commercial, government and retirement-living projects. We provide one accountable team from early design input and value engineering through manufacture, site installation, defect close-out and handover.

WHY BUILDERS ENGAGE US

A single point of responsibility. Practical, buildable solutions. Reliable delivery aligned to the construction program. The ability to scale people, manufacturing and installation resources to meet project demand.

20+

YEARS OF EXPERIENCE

END-TO-END

DESIGN TO INSTALLATION

LARGE-SCALE

MULTI-LEVEL DELIVERY

Scale You Can See

Our project history demonstrates experience across multi-tower, high-density developments where program certainty, repeatable quality, logistics and coordination are critical.

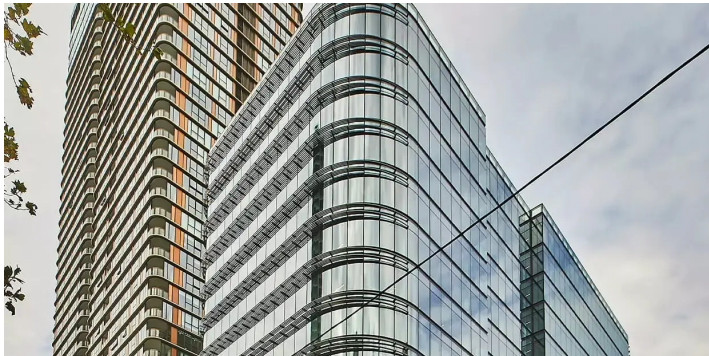

CLIENT FEEDBACK

"We have continued to use Kitchen Club, now Joinery Club, on our sites for the past 12 years."

PROJECT MANAGER | JQZ

"The joinery in our building has been great, no issues, and the team is great to work with."

MORE THAN A BUSINESS

Joinery Club is part of the Mibilla Group of Companies. Established by owner Michael Hatton, the business helps generate funds that support charitable initiatives addressing Aboriginal disadvantage through the Mibilla Foundation.

Our commitment

Quality joinery delivered on time, backed by clear communication, professional service and accountability from design through to installation.
